Group Policy 2022

Diversity Equality and Inclusion Policy

Scope

This policy covers Tirion's role as an employer and as a landlord that provides homes, delivers services and helps create sustainable communities. It extends proportionately to the activities of our stakeholders, partners, suppliers and contractors.

The policy provides a framework for ensuring our services and procedures avoid disadvantaging our employees and residents based on characteristics defined in the Equality Act 2010. As a new innovative and developing organisation, we also aim to create an environment where everyone can thrive, is valued and can contribute to the development of the company.

Values

Tirion is committed to promoting equality, diversity and inclusion characterised by the company's key values established by its founding members.

Statement

Tirion believes it is important to treat everyone fairly and with dignity and respect. We believe everyone matters and we positively promote equality, diversity and opportunity in all our areas of work and challenge behaviours that do not accord with our values.

Our aim is that our employees, residents and tenants, Board members and other stakeholders and partners feel valued and respected.

We believe that everyone has an individual role to play and that the business benefits from the unique contributions that different people can make.

We want to make sure that our services are accessible and fair to all our customers, collecting information about them to ensure we do what matters to them.

Any colleague, Board member, customer or partner who feels they have been unfairly treated should report the matter immediately in writing to their line manager or the Company Secretary.
